

Starco Jumbo 8" and 10"

The Starco Jumbo 8" and Jumbo 10" are elevator buckets in a welded variety. Suitable for more heavy-duty applications. These buckets are made of thick plate steel. On demand, the buckets may also be reinforced in order to enhance their durability.

Starco Jumbo 8 elevator buckets in a welded version (parameters in mm)

Type	Size/weight					Volume		Holes			Max.
	b	a	h1	t	Kg	Z2	Z3	d	e	no.	
Jumbo 8"-33	330	212	135	3,0	4,40	5,38	4,05	11,0	80	4	7,14
