

# Sprockets

## Drop forged chain

The sprocket of the drop forged chain consists of a body with interchangeable segments. The following sprockets are available ex stock for chains with a pitch:

Sprockets for drop forged chains (parameters in mm)

Pitch	No. of teeth	Pitch Ø	No. of segments/sprocket		
102	6	204	4		
102	8	267	4		
125	6	250	4		
125	8	327	4		
150	6	300	6		
150	8	392	8		
150	10	486	10		
160	8	419	4		Chain direction of the drop forged chain sprocket
200	8	523	4		

## Double drag link chain

Sprockets for double drag link chains, also in a devided version, are available ex stock.

Sprockets for double drag link chains (parameters in mm )

Pitch	No. of teeth	Pitch Ø	Inner width	Bush diameter	
63	6	126	22	18	
63	8	165	22	18	
80	6	160	22	18	
80	8	210	22	18	
100	6	200	22	18	
100	8	262	22	18	
125	6	250	25 / 30 / 35	20 / 26 / 30	
125	8	327	25 / 30 / 35	20 / 26 / 30	
150	7	346	30 / 45	22 / 30	
160	6	320	30 / 45	30	
160	8	418	30 / 45	30
